Klara,

Can I direct the students with questions about the final and final grades to you? The emails are starting to pile up this afternoon.

Maxie,

I'm glad your family can help out. I hope you will feel better being at home for a few weeks.

Are you still able to respond to students if they email about the grades, or would you like for me to let them know you have been having a personal emergency? Let me know what you are comfortable doing.

Best,  
Klara

Ok. Sounds good. I'm going home to Pensacola to stay with family until classes start. My mom gave me this unconditional surrender and say yes ma'am lecture last night. Hopefully she is willing to bring me back at that point. I will stay in touch over email.

Thanks again.

Maxie,

Yes, it counts as a full GTA position. As a lecture assistant, you would grade papers and hold office hours, and attend class if the professor needs your help (say, during exams to help proctor). Of course, the papers will need to be graded in a timely manner. So hopefully you will be well enough to keep up with the workload.

Best wishes,

Klara

Klara,

That is fine. Do whatever you need to do for math 1552.

Is the stipend the same for the two grader positions?

Maxie,

To officially enter grades, I will need to add myself as an instructor to your class. Just letting you know.

Hope you will feel better soon.

I think it might be best for you to be a grader instead of a TA this fall, based on your medical challenges. I can put you as a lecture assistant for two sections of Math 3012.

Best wishes,  
Klara

Klara,

Honestly, I have just about enough mojo to meet with the dean of students today. My ADD medications are making me puke and feel like I'm going to pass out. If you don't mind, can you just handle submitting the final grades? I can't deal with this right now.

My mom is coming up to take me to Florida and liberate me from Atlanta until classes start. A few weeks in the sun is supposed to make me feel better.

Hi Maxie,
