Andrew,

I made a \$225 non-tax-deductible donation in the name of Dr. Kevin Mitnick to Bend the Arc. The message contains the following:

I talked with BTA volunteer Jacob over text at (754)-219-9327. I expressed concern about cybersecurity initiatives and fighting white supremacists online. This donation is a meaningful integer statistic that I can give for now -- \$225. I am making the donation in the name of Kevin Mitnick (mama's boy; nicer guy; and as in the federal witness for the prosecution in the case against Lucky225). Please see to it that his staff get a copy of this by emailing them at info@mitnicksecurity.com and CC to andrew.luke@mitnicksecurity.com.

There is an interesting back story. These people and their faux-US-fourth-reich insurrection antics via online computer systems hacking have to stop IMMEDIATELY:

Over the pandemic year 2019-2021, I was threatened online and in person by a neo-nazi bearing a black and red ray-traced swastika avatar. He wanted to crucify me as though I were Jesus, King of the Jews. I know who he and his sons are in real life by circumstances beyond my control. One of the last chat messages to this subhuman anti-clever pseudo-intellectual creton was to respond that "I have a pile of dead trolls on my desk" (as in Holocaust victims) and asked if he wanted to join them. To which he responded after a night of thought: "Nice trolls." I lost it at him in the chat. Something supernatural let me ironically ask to speak with the Anglo-Christian devil whereby I offered him my soul to bring down the fourth reich. A very surreal thing happened in that I went into a trance (I think) and began to type. After a while something shook and pushed my body and screamed "LIVE!". I stopped typing. Eventually this year I filed a FBI tip report about how this vile low life helped organize the January 6, 2021 US capitol riots and attempt at insurrection behind closed doors on Twitter. Emmanuel at the top of the notorious 2600 print magazine helped "Free Kevin" documentary style for years. If he is right about Kevin, then that Jewish man I facetiously called a large Jewish American penis (intentional double entendre) in a FBI report about Lucky is a __saint__ in my religion.

Please do good with my small donation this year. Thanks for all y'all do as usual. Keep it up! -- MDS

Please notify Kevin without incurring me another in-person social engineering ruse. It's enough to know that y'all care.

Maxie
